Innovative Solutions Leaders

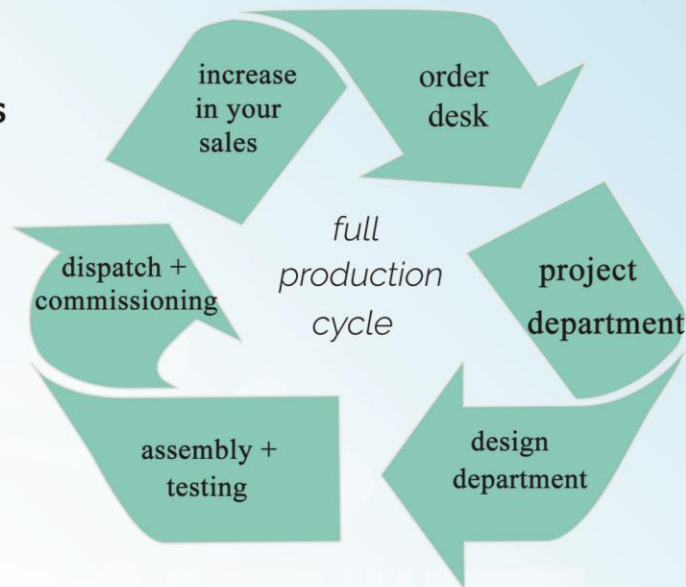

Untypikal about company

We are not like typical equipment manufacturers.

We don't make standard offers and don't do typical work. Our team is a fusion of specialists from different fields who create a single integrated solution.

This structure offers our customers maximum flexibility and individuality in creating each specific project. Equipment is only a 1/3 of our day-to-day projects; the rest is working with technology at a deeper level. That's why we are the creators of "living" solutions!

UNICO-series Screw Melters

Пицца-сыр

Чечил

Сулугуни

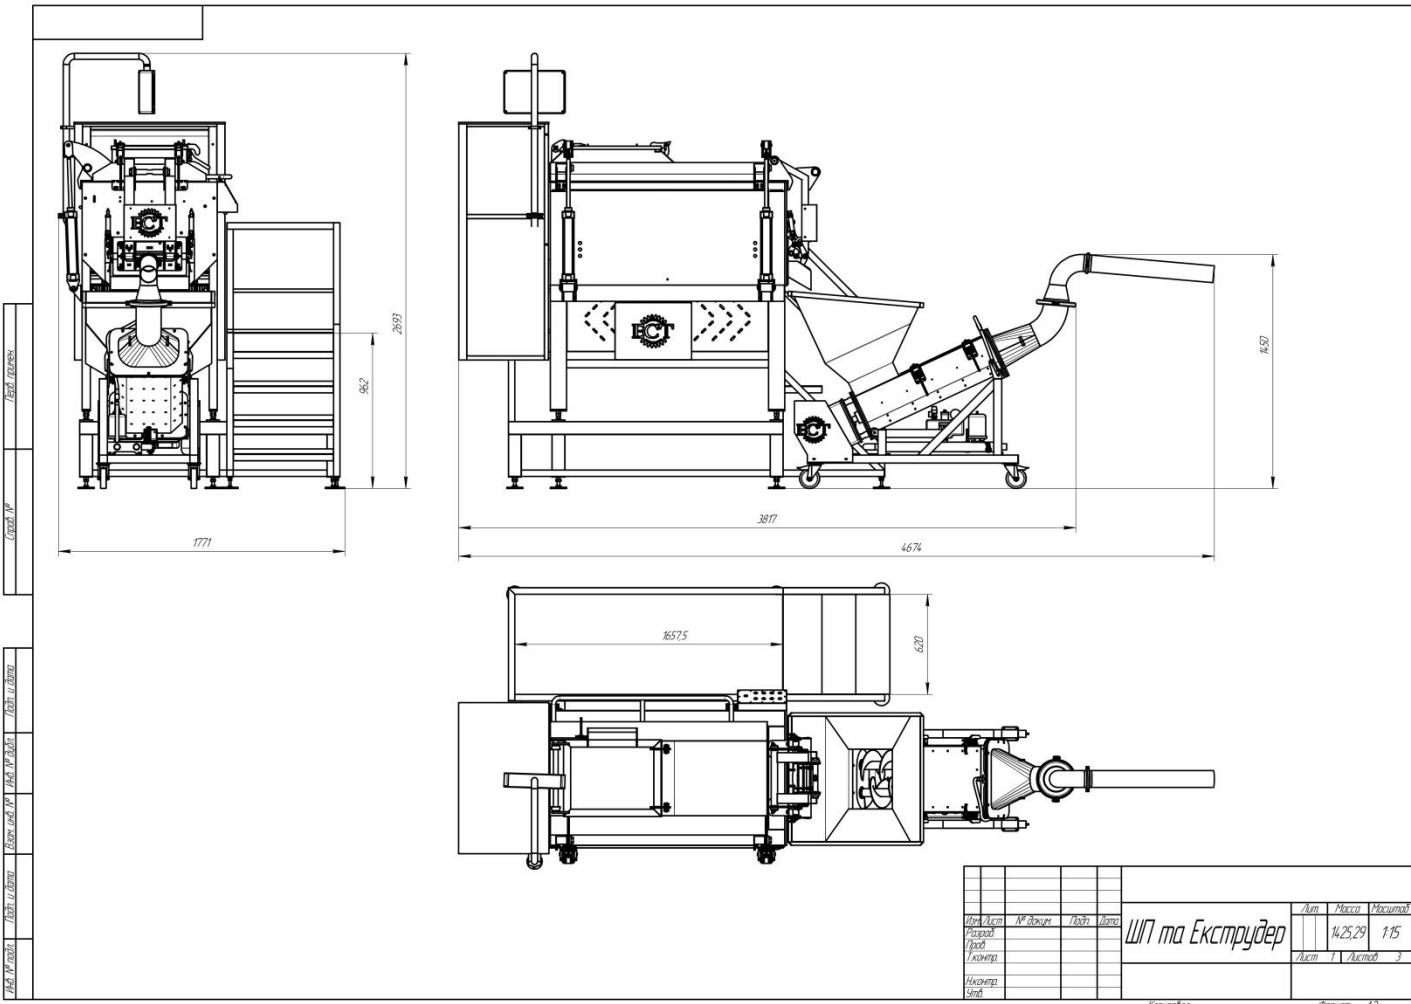

Моцарелла

Capacity	Up to 400\800 kg\h
Power	8\15 kW
Loading capacity	100\200 kg
Heat Conductor	Steam
Pressure	3-4 bar
Overall Sizes	2700x1750x3150 mm
	1700x870x1950 mm

Screw conveyor (extruder) INVIARE

Cheese thread forming machine FORMARE - NV-50

Чечил
хворост

Чечил
палочка

Чечил
косичка

the video

Capacity	До 600 kg\h
Power	1 kW
Dose Volume	200-1000 g
Heat Conductor	Steam\Water
Overall Sizes	1250x700x1850 mm

Mozzarella rolls forming machine FORMARE MC-300

Мини
моцарелла

Моцарелла

Качокавалло

[Click on the icon to watch the video](#)

Capacity	Up to 300 kg\h
Power	2,6 kW
Heat Conductor	Steam\Water
Pressure	3 bar
Overall Sizes	1300x1200x1200 mm

Industrial Cheese Grate

- ✓ Adapted for grating different types of cheese, as well as smooth operation in cheese factories;
- ✓ Protective device will prevent access to moving parts of the mechanism during operation;
- ✓ Waterproof construction meets all safety and hygiene requirements;
- ✓ Due to its simple design, all parts that come into contact with food can be easily disassembled for sanitization.

Capacity	Up to 300 kg\h
Power	2 kW
Material	Stainless steel

Double-strand weigher

- ✓ All units, including the frame, are made of food grade acid resistant stainless steel.
- ✓ Equipped with industrial controller synchronized with pneumatic dosing control system.
- ✓ Strain gauge system for each individual flow.
- ✓ Sequential dosing of the product will improve control and enable the calibration of dosing flows.
- ✓ Possibility to vary dose weight according to the specified container.

Capacity	Up to 300 kg\h
Power	1 kW
Number of feeds	2
Overall Sizes	1730x660x903mm

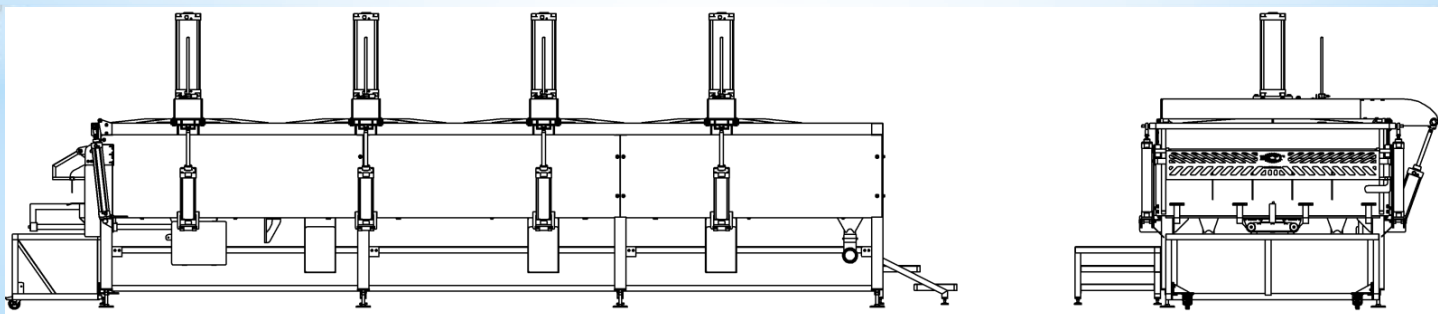

Molding Machine FORMARE-1000

Click on the icon to watch the video

Designed for acceptance of the curd mass, forming it into bed, whey removal and cutting of the cheese bed into bars.

Loading capacity	500-1000 kg
Seam thickness	80-240 mm
Volume	2500 l
Power	6-8 bar
Overall Sizes	6850x2500x2580 mm

Plasticizer CHZ-500/700

Пицца-сыр

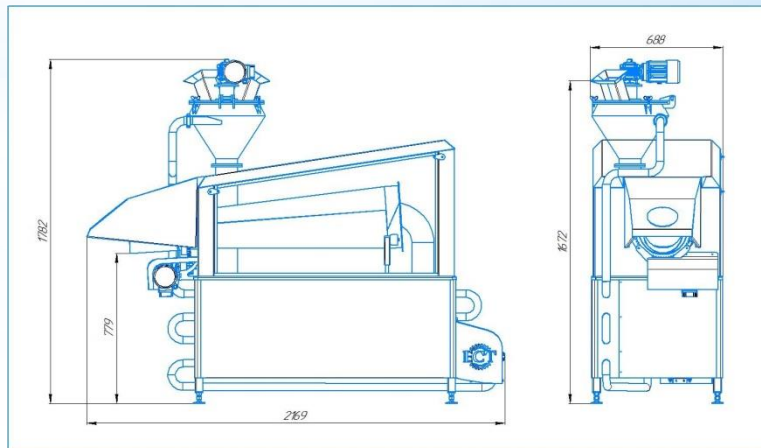

Чечил

Сулугуни

Моцарелла
